

Hardware Catalog

AP Products

AP Products

AP Products was established in 1994 by Tom Manning Sr. The original intent was to assist one of the suppliers Tom Manning & Associates represented by offering a complimenting line of packaged screws. From there, the company has added a host of products as opportunities arose.

All of the products being offered speak to a specific need in the market place that is not being met. This particular Hardware catalog is intended to assist RV Dealers in the process of identifying critical service parts needed to repair and maintain their customer's RVs.

We believe the health of the industry is

dependent upon a strong Dealer base that is able to fulfill every customer's expectation in a timely manner. It is our desire to make use of our resources and talents to assist in that process.

Our entire team believes the best means for doing this is for hardware parts to be stocked in the field by Wholesale Distributors to make them readily available to the dealer when needed.

All of these parts are available from your preferred distributor. If you need additional assistance, we would be pleased to assist.

LP FUEL TANK MONITORING

Communicates Fuel Levels via Bluetooth

NEW PRODUCT!

Gateway Sensor connects to internet via wifi
Part no. 024-3000

Gen 3 Sensor for tanks under 100#
Part no. 024-1001

Optional monitor
Part no. 024-1004

XL Sensor for tanks 100# and above
Part no. 024-2001

LP TANK CHECK

Part no.	Description
024-1000	Dual sensor w/monitor (Smart device not needed)
024-1001	Single sensor for use with Smart device
024-1002	Dual sensor for use with Smart device
024-1003	15 pack, retail assortment with display carton
024-1004	Monitor only for use with 024 series sensors
024-2001	XL single sensor for use with Smart device
024-3000	Gateway Sensor

Smart device
Tank sensor app is **FREE** download

ULTRASOUND TECHNOLOGY MEASURES FUEL LEVELS ACCURATELY

STANDARD SENSOR

Magnetically attaches to the underside of tank. Works on any size LP tank under 100#. Syncs to smart device and/or monitor.

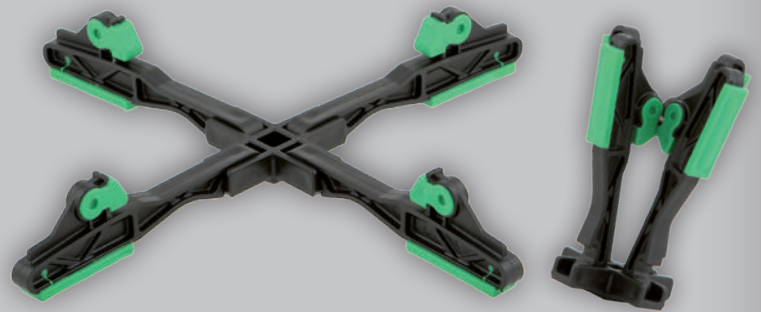

LP TANK HALO - 024-5002

The Tank Halo is a thermoplastic rubber foot ring for 20, 30, and 40 lb. propane cylinders. It protects your RV floor surfaces from the rust that builds up on cylinder tanks. Halo also provides the space for use of propane tank sensor units. Great replacement item for lost aluminum spacers.

ALUMINUM FEET - 024-1005

Raises tank up off of flat surfaces when needed. Provides clearance for sensor.

LP TANK ANCHOR - 024-5001

The Tank Anchor is a folding tank stand. It protects your RV and floor surfaces from rust. The Tank Anchor can also be used in conjunction with a sensor unit to provide space for the sensor, and improve wireless range.

Keyed-A-Like Locks

AP Products Keyed-A-like products offer customers one key to operate entry doors, baggage doors slam latches, ramp doors, bar locks, and handles. New locks can be installed in just a few minutes on most coaches by dealers and service techs.

IMPORTANT - All hardware must be from the same company. All entry handles, slams, cams, bar locks must be manufactured by the one company. The coach must have ALL Bauer or ALL G-Series locks to execute the re key process. To key alike, lock brands must match cylinders, do not interchange between brands.

- Use one key to unlock all exterior locks
- Opens entry doors, ramp doors, handles, bar locks and slam latches
- Can be installed on most coaches in minutes at a local RV dealership

Cylinders

For Bauer Locks and Cams

A control key from the lock manufacturer is required to perform a cylinder change. Ask your rep for part numbers and availability to order control keys.

For Bauer

- All Entry door locks, including electric locks, require (1) master cylinder (marked "P" on the cylinder) and (1) non-mastered cylinder (marked "DB" on the cylinder)
- All Bauer Slam Baggage Locks and Cam Baggage Locks use NON-MASTERED ("DB") cylinders for rekeying.

Replacement cylinders are packages of 10 and marked with the key number on the side.

Bauer

Replacement Master and Non-Mastered Lock Cylinders for Bauer Entrance, Slam, and Cam Locks. (Marked on cylinder: P = Paddle, DB = Dead Bolt)

Master		Non-Mastered

Table Legs & Support

Table Hinge Bracket Kit

Metal hinge swings up and down for support in both table and gauchó positions. No need for bedding box cleats. Buy as a complete kit or individual pieces as needed.

- 013-957** Complete kit includes all pieces
- 013-958** Wire only
- 013-959** Wall plate - 2 ea.
- 013-960** Bracket hinge - 2 ea.
- 013-961** Table plate - 2 ea.

Folding Table Bracket

Small compact design offers strong support in a smaller space. 1-1/2" x 2-1/2".

- 013-250** Folding Table Bracket, 4/pk

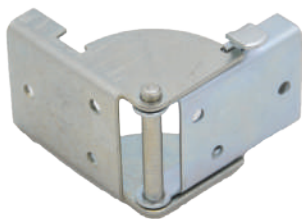

Table Wall Support Bracket

Support bracket measures 30" and may be cut to desired length. One side mounts to wall, one side mounts to table. Units slide together to securely support table. Use with separate table leg.

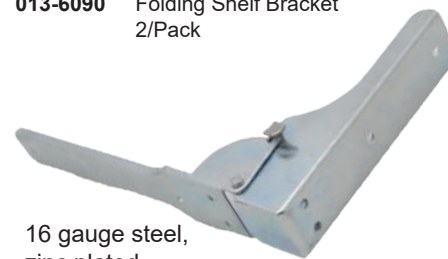

- 013-164922** Table Wall Support Bracket

Folding Shelf Bracket

Fits any type of wall hung shelf. Ideal for heavy shelf loads. Top flange is 9" long and wall flange is 6" long. No other fill in or frames needed.

- 013-6090** Folding Shelf Bracket 2/Pack

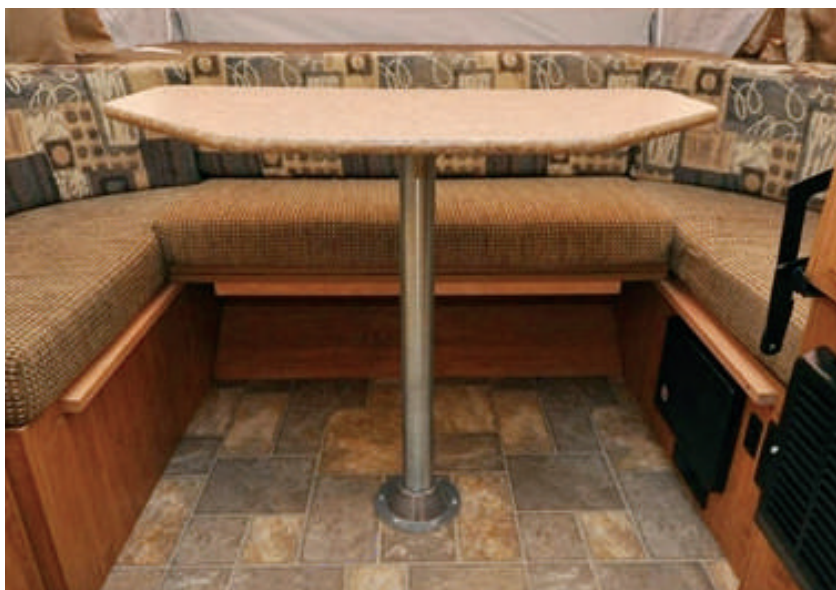

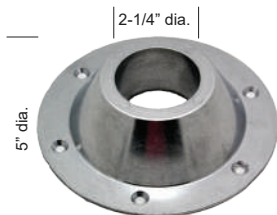

16 gauge steel, zinc plated

Pedestal Table Legs & Bases

Pedestal Legs and Bases offer support for use with a table and easily stow out of the way when converting to a Gauchó. Chrome plated legs feature tapered ends to securely fit into bases. Aluminum bases are offered in either surface mount or recessed models.

- 013-913** 18" Leg Chrome
- 013-916** 21" Leg Chrome
- 013-926** 25-1/2" Leg Chrome

- 013-951** 29-1/2" Leg Chrome
- 013-956** 31-1/2" Leg Chrome
- 013-1119** Round Surface Mount Base Chrome
- 013-1119B** Round Surface Mount Base Black
- 013-1112** Round Flush Mount Base Chrome
- 013-1112B** Round Flush Mount Base Black

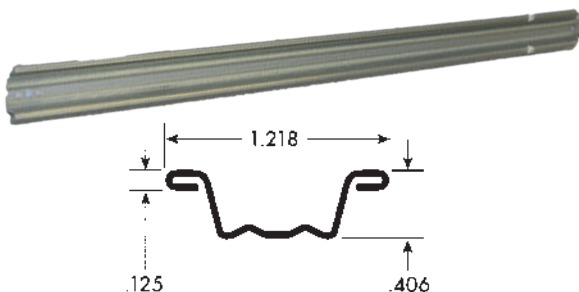

Grace Drawer Hardware

Drawer Slide System

This drawer slide system features fast and easy undermount installation coupled with smooth drawer action at an economical price. Rolled edges provide greater strength when coupled with our many varied component parts and mounting options (featured on this page).

- 013-207 21-1/2" 800 Series Grace drawer slide system
- 013-208 24" 800 Series Grace drawer slide system

Plastic Components

This natural-color, HDPE backplate is used with our 800 Series Rail. Molded mounting holes, height alignment tabs, and centering guides provide for easy screw or staple installation.

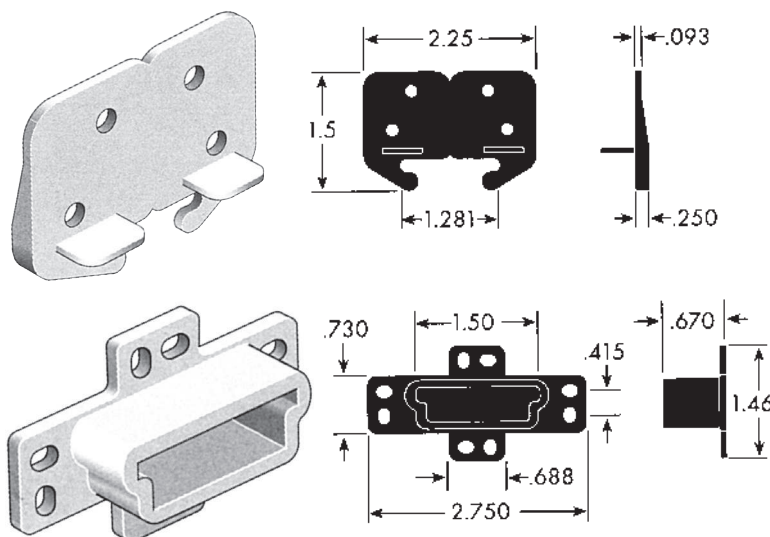

- 013-209 GRACE Model No. 100 Backplate (6 pcs)

Provides for secure attachment of our 800 Series Rail to the case back or framing member. Molded mounting slots for easy screw or staple installation. Socket depth allows for rail length adjustment up to .375 inch.

- 013-210 GRACE Model No. 110 Socket (6 pcs)

Tech Tip

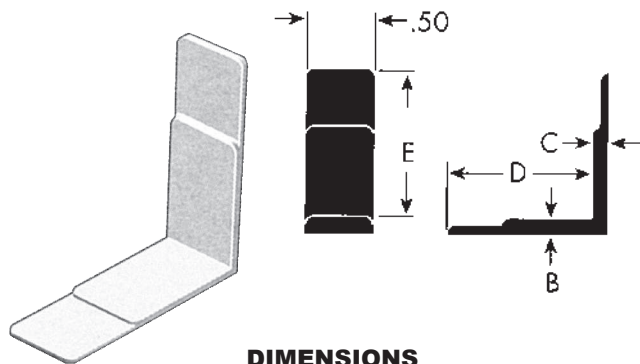

Our model No. 110 Socket is designed for use in two orientations. The socket may be anchored so as to provide side-to-side adjustability, or inverted for precision alignment.

Corner Glide

This corner glide possesses superior wear and lubricity for smooth and quiet drawer action. Easy staple installation through the staple pads provided.

- 013-211 GRACE Model No. 200 Corner Glide

Gas Struts & Accessories

Installation Instructions

Have someone hold the hatch, hood, trunk, or rear window open while replacing the lift support. Do not use a prop.

Before removing the old lift support, examine any hardware provided to determine which components must be reused.

The new lift support must be installed in the same position as the one which was removed. Do not use scratch rod.

When installing the rod, the chamber side must be placed upward while the rod side is down.

Removable Ball Connectors

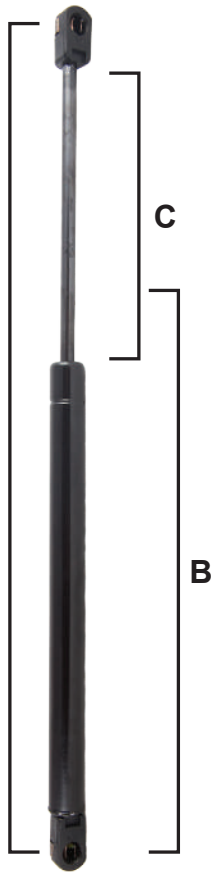

Remove old lift support by prying off the retaining ring, cap lock, or the security lock ring.

Press new lift support onto ball stud and properly install retainer.

Measurements

All lengths are measured from center to center of the cylinder end fittings.

- A) extended length
- B) compressed length
- C) stroke length

End Fittings

Hatch Door Seal- Round
Seals hole where Electrical Cord exits Hatch

- Helps keep bugs, mice, and weather out of your RV
- High quality, long lasting rubber
- Made in the USA

StarLights™ LED Lighting Solutions

Customizable Ceiling Light Brilliant Light 3002

016-BL3002 (4200K)
Single LED Light Fixture
016-BL3000
Single Incandescent Light Fixture
(5 1/4"H x 8 1/2"W x 2"D)

Customizable Ceiling Light Brilliant Light 3003

016-BL3003 (4200K)
Dual LED Light Fixture
016-BL3001
Dual Incandescent Light Fixture
(5 1/4"H x 12"W x 2"D)

- Features advanced LED array for greater light output
- Longer life and less power consumption than conventional incandescent bulbs

Brilliant Modules/Accessories

Brilliant Modules are designed to be used with any Brilliant fixture. Select a module that offers the specific feature you desire and simply plug it into your fixture. Modules will allow you to enhance your fixture capabilities with features such as dimmer and motion light.

Dimmer Dial
• Enables user to adjust brightness of light output
016-BL3004

Night Light
• Soft light allowing you to move about without disturbing others
016-BL3005

Motion Detector
• Light will automatically shine at night when motion is detected
• Requires BL3007 for installation
016-BL3006

PCB Adapter
• Allows a variety of custom modules, including a dimmer dial, led night light, motion sensor
016-BL3007

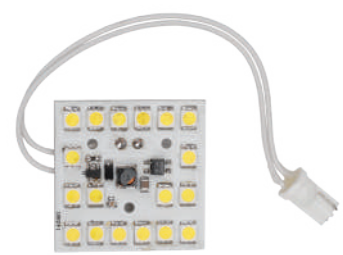

Day/Night Sensor
• Light comes on automatically at night and off at daylight
016-BL3008

Replacement Lens
• Replacement lens for Brilliant Light Single and Dual Dome
016-BL3009

12 Volt Jack
• Can be inserted into any Brilliant Light Fixture. Will power bunk lights, fans, and many other 12 volt accessories
016-BL3010

Replacement LED 250 Lumens
• Also available in 300 lumens
016-BL250
016-BL300

StarLights™ LED Lighting Solutions

Interior/Exterior Light Fixtures

Replacement Scare Light

- Flush mount 12v replacement scare light
- Can be connected with any motion activated Smart Light to turn on and off simultaneously (using the 2000FB fused switch box)
- Size: 9-1/4"H x 11-1/4"W x 2-1/4"D

016-RSL2000 White
016-RSL2000B Black

Solarian LED Light Fixture

- Surface mount interior replacement fixture
- Produces 330 lumens of warm light
- Special lens disperses light evenly
- Simple 2 wire installation, low profile
- Size: 5"R x 1"D

016-SON 102 Black
016-SON 103 White
016-SON 104 Brushed Nickel

Motion Activated Lighting Fixtures

- Illuminates areas around your RV for added security
- Motion range of 10-25 feet
- Star Monitor indicates RV's battery condition, helps preserve coach battery
- 2 sizes: 4-1/4"H x 10"W x 2"D, 9-1/4"H x 12-1/4"W x 2"D

LED Motion Sensor Light Fixture Solarion 300™

- Motion activated, surface mounted ceiling replacement LED light fixture
- 2-way switch allows for continuous on or motion activated mode
- Simple two wire installation
- Unit will last 50,000 hours
- For interior use only.

016-SON 300 White
016-SON 301 Brushed Nickel

Universal 12v Dimmer Switch Brilliant Light 4000™

- Universal dimmer switch will dim any 12 volt LED or incandescent fixture
- Dims multiple lights on the same circuit
- Multiple dimming stages
- Simple two wire installation
- For interior use only.

016-BL4000 Black
016-BL4001 White

Amberizer Anti Bug Bulb

- Can be used with 1000 or 2000 Series Light.

016-AB10
2 Pack

Fused Relay Box

- Synchronizes lighting fixtures and other electrical components

016-2000FB

Revolution Color Changing LED Light

Revolution 5000 LED Light Strip Radio Frequency Controller

- Industrial strength 3M tape ensures light strip will adhere to most surfaces
- Can be cut to desired length
- Control dim, fade, strobe, color
- 16' Long

016-SL5100

Light Strip Connector Kit

- 10 piece strip light connector kit
- Extending the length of you light strip with the help of this kit.

016-SL5001

Music Box

- Allows your lights to turn on and off to the beat of the music
- Lights illuminate a single color or multiple variations if chosen
- Dial allows for different strobe patterns and speeds.

016-SL5002

Light Strip 110 Adapter

- 110v AC/12 v DC adapter
- Universal plug allows high power 12 volt DC items to operate on 110v AC
- Compatible with LED light strips
- Both cords 4' long
- 5 amp max.

016-SL5004

Light Strip Controller

- Light strip remote control and IR RGB receiver
- Controls the brightness, color, lighting effects such as strobe, dim, fade and more.
- May be used on most 12 volt light strips

016-SL5003

Controller Battery

- Universal 3 volt lithium replacement battery.

016-CR2025

StarLights™ LED Lighting Solutions

12V Interior Replacement Bulbs

LED Replacement Bulb

- Patented design allows all 250 LMS of light to be directed where light is most needed
- Produces a warm light, and is available in 160 LMS option.

016-921-160 (3200K)
016-921-250 (3200K)

016-1141-300 (6500K)

LED Replacement Bulb

- Interior/exterior back up/brake replacement lights
- Available in cool and warm white and red
- Fully dimmable

016-921-280 (3200)
016-921-280R (Red)

Wiring Harness

- Patented quick connect wiring harness makes for easy installation
- PWM ensures voltage spikes will not damage the unit
- Extremely bright, runs cooler

016-T818 18" LED
016-T512 12" LED

Halogen Replacement

- Patented copper ribbon heat sync draws heat away from the components
- State of the art PWM ensures voltage spikes will not damage unit
- Available in side pin and back pin configurations.

016-G4160SP (4200K)
016-G4160BP (4200K)
016-G4205SP (4200K)
016-G4205BP (4200K)

Swivel Light

- Patented swivel head design
- State of the art PWM ensures voltage spikes will not damage unit
- Waterproof design allows for interior and exterior use.

016-1141-350 (4100K)
016-1141-400 (6500K)

LED Replacement Bulb

- Omnidirectional, dimmable replacement

016-1076-205 (3200K)
016-1076-255 (3200K)

Reading Light

- State of the art PWM ensures voltage spikes will not damage unit

016-1383-220 (3100k)
016-1383-230 (6500k)

Reading Light

- State of the art PWM ensures voltage spikes will not damage unit

016-921-220 (3100K)
016-921-230 (6500K)

Vanity Light

- State of the art PWM ensures voltage spikes will not damage unit

016-2099-270 (3100)
016-2099-230 (6500)

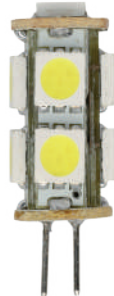

Delux LED Replacement Bulbs

SX T5
12" LED quick connect tube replacement.
Lumens - 400
Amp Draw - .340
016-781T5

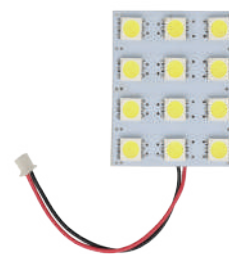

SX T8
18" LED quick connect tube replacement.
Lumens - 810
Amp Draw - .326
016-781T8

SX G4
Bipin halogen replacement bulb.
Replaces JC10
Lumens - 135
Amp Draw - .183
016-781G4

SX 921
Wedge base LED replacement.
Lumens - 135
Amp Draw - .183
016-781921

SX 1000
Universal adaptor kit & light board.
(Replaces 1156, 921 & 1036 festoon fitting.)
Lumens - 230
Amp Draw - .233
016-7811000

SX 1156
Bayonet LED replacement.
Lumens - 150
Amp Draw - .266
016-7811156

12V Exterior Replacement Bulbs

Taillight Bulb

- Taillight bulb, 2 pack single circuit
- 016-7440-280 (6500K)
016-7440-280A (Amber)
016-7440-280R (Red)

Taillight Bulb

- Taillight bulb, 2 pack single circuit
- 016-7443-280 (6500K)
016-7443-280A (Amber)
016-7443-280R (Red)

Taillight Bulb

- Taillight bulb, 1 pack single circuit
- 016-1141-280 (3200K)
016-1141-280R (Red)
016-1141-290 (6500K)

Taillight Bulb

- Taillight bulb, 2 pack single circuit
- 016-3157-280 (6500K)
016-3157-280A (Amber)
016-3157-280R (Red)

Taillight Bulb

- Taillight bulb, 2 pack single circuit
- 016-1156-170 (6500K)
016-1156-170A (Amber)
016-1156-170R (Red)

Running Light

- 2 pack single circuit running light bulb
- 016-1036-25 (6500K)
016-1036-25R (Red)

Running Light

- 2 pack single circuit running light bulb
- 016-194-70 (6500K)
016-194-70A (Amber)
016-194-70R (Red)

Taillight Bulb

- 2 pack single circuit running light bulb
- 016-3156-280 (6500K)
016-3156-280A (Amber)
016-3156-280R (Red)

Taillight Bulb

- Taillight bulb, 2 pack single circuit
- 016-1157-170 (6500K)
016-1157-170A (Amber)
016-1157-170R (Red)

Load Resistor

- Simulates a filament bulb load in case of increase turn signal flash rate
- 016-157LR

Side Marker Light

- Replaces BA95 base 57 incandescent Used for side marker, parking lights, instrument panel and more.
- 016-57-75

Kwik-Bandit™ Utility Ties

Mini Kwik Bandit

- Great for around the house, shop, cottage or garden
 - Made of high durability rubber compound to resist weather
 - Easy to use, requires no knots or ratchet straps
 - 10lb. work load limit, 8" long, 1/8" dia., 1/4" ball stops
- 008-7825

Standard Kwik Bandit

- Perfect for tying down loads securely for transport
 - The standard Kwik Bandit™ with the Lock Pin (UT14-2LP) option can be easily combined to form longer bands
 - Easy to use, requires no knots or ratchet straps
 - 50lb. work load limit, 14" long, 1/4" dia., 1/2" ball stops
- 008-7142

Heavy Duty Kwik Bandit

- Largest Kwik Bandit available, perfect for heavy industrial loads
 - Highest tensile strength, can be combined forming a strong chain
 - Easy to use, requires no knots or ratchet straps
 - 75lb. work load limit, 24" long, 1/8" dia., 3/8" ball stops
 - Maximum bundling diameter of 8" using a single band
- 008-7242
