

GPROTRIXL

Arkon Flexible 11 inch Tripod Mount for GoPro HERO Action Cameras Retail Black

DESCRIPTION:

The recent integration of the GoPro HERO4 on Periscope has opened up a number of new live streaming possibilities. Arkon's GPROTRIXL Flexible 11" Tripod for GoPro HERO action cameras is a must-have accessory for live broadcasting with a GoPro action camera. This tripod is compatible with all models of GoPro HERO action camera, including the GoPro HERO5, HERO Session, HERO4 Black and Silver, HERO3+, HERO3, HERO2, and HERO. The mount is also compatible with the Garmin VIRB XE and the 360fly, a 360-degree panoramic camera. The closed tripod measures 11 inches tall and includes an adapter for mounting the GoPro action camera onto the tripod's 1/4"-20 mounting bolt. An adjustment knob provides 360° positioning of the GoPro, and a release tab allows for quick dismount of the GoPro from the tripod. To install the GoPro, just set it into the tripod's lateral screw pattern and secure it with the screw and acorn nut. Live stream from anywhere using this Flexible 11" Tripod Mount. Bend the tripod's legs to grab on to fences, poles, and trees. Or, hold up the closed tripod like a monopod or selfie pole to get a better shot of the action at concerts, parades, and other public events. Now that you can use a GoPro HERO4 with live video apps like Periscope, the locations and scenarios you can broadcast from are endless. Whether you're presenting at a conference, teaching in a class, or broadcasting from the home or office, GPROTRIXL is the must-have companion accessory for your Periscope broadcasts.
