KNOCK™

NuTone KNOCK™ Smart Video Doorbell Camera DCAM100

Visibility and Security – whether you're home or away

No more wondering "Who's there?" No more guessing if the children get home safely from school, or whether the mailman delivered your package. NuTone Knock lets you know when someone is at your door. The motion-sensing camera works day or night, so you never miss another visitor. You can even speak to anyone who rings the doorbell from anywhere in the world – with the convenience of your smart phone or tablet. The Do Not Disturb feature lets you set quiet hours for family time, movie time or naptime.

Ideal for challenging weather conditions, NuTone Knock can handle the sweltering heat of the desert or the extreme cold of the upper Midwest. With an IP65 rating to protect against dust and water, it is more dependable than other leading brands. NuTone Knock works with a home's existing doorbell wiring and installs in minutes.

Reliable Security

- Weatherproof to protect against dust and water.
- Rated for temperatures as low as -22°F and as high as 122°F.
- More dependable in extreme weather than the other leading brands.

See and Speak to Visitors

- See your entire entry area with the 180° view 720p HD camera.
- Night vision camera for low light conditions.
- Speak to visitors with two-way audio.

Motion Detection

- Receive alerts when someone approaches the door.
- Block out high traffic areas to reduce false motion alerts.
- Heat sensor prevents nuisance motion triggering from leaves and debris.

Do Not Disturb

- Set quiet hours to turn off the chime.
- Make sure visitors do not disturb the baby's nap, family time or movie night.

Keep a Record of Visitors

- Record video or take snapshots on demand.
- Automatically saves a snapshot whenever the doorbell button is pressed.
- Automatically saves video to the cloud whenever motion is detected or the button is pressed.*

Installs in Minutes

- Feedback from the doorbell guides you through the installation process, no need to find or replace the transformer.
- NuTone Knock will tell you if the transformer voltage is too low.
- Connects to existing doorbell wiring.

Fits Your Lifestyle

- Viewable on up to four (4) smart phones or tablets.
- Android and Apple compatible.

DCAM100
