Flame resistant all metal
construction

Close Elbow®

DESCRIPTION

The Builder's Best Close Elbow® is the best choice for 90° turns, especially on the dryer. It makes 90° turns within 4" and offers excellent crush resistance while maintaining maximum airflow. Rotating collars allow flexible duct to move without disconnecting.

PRODUCT FEATURES

- One male (crimped) rotating Snap-Lock™ fitting
- One female (slotted) rotating Snap-Lock™ fitting

PRODUCT SPECIFICATIONS

- Rigid 100% aluminum
- PN12270 meets UL®2158A dryer transition duct testing

PERFORMANCE DATA

DISPLAY CARD

RECOMMENDATIONS

- Best performance with Builder's Best® Snap-Lock™ Pipe V850 or V830.
- The International Mechanical Code recommends rigid metal duct for dryer exhaust as well as in-wall exhaust. IMC 504.6.1 & 504.8-3
- Dryer manufacturers specify "Only rigid or flexible metal vent shall be used for exhausting. Do not use plastic or metal foil vent."
