

Tub/Shower Trim Kit for Moen in Brushed Nickel

Update your tub and shower faucet with the Danco Shower Trim kit for Moen. This shower valve trim kit allows you to replace your existing worn-out shower trim without replacing the valve. Danco designed compatibility features into this Moen Trim Kit that includes adapters to fit both Moentrol and Posi-Temp cartridge style faucets. The Moen shower trim kit offers you a choice of design between a clear acrylic handle and a finished metal handle. The plastic construction provides rust resistance and durability, while the stainless steel material provides reliable performance. This shower faucet trim kit replaces Moentrol 220, 240, 2600 & 2700 series as well as replaces Moen Posi-Temp 2300 series with and without diverters. This kit includes all the Moen replacement parts to complete your DIY project.

Model # 10002
