

Combi-Cam™

No Need to Keep Track of Keys!

The Combi-Cam is a secure solid metal cam lock with up to 10,000 possible combinations. Best of all, unlike the competition, the combination is easy to change with no special tools or kits required.

First Dial Combination Cam Lock on Market with Years of Reliability and Durability!
(be cautious of substandard knockoffs by companies with poor quality control !)

To change the combination, simply have it on the opening combination and push the reset button in while changing to the desired combination. It's that easy!

Easy to Use!

Changing the combination takes a few seconds with a simple push of the change button.

Change Button

Optional Accessories

Finger Pull (for 3 dial)

Combi-Cam Cover (for 3 dial)

Wide variety of cams (examples below)

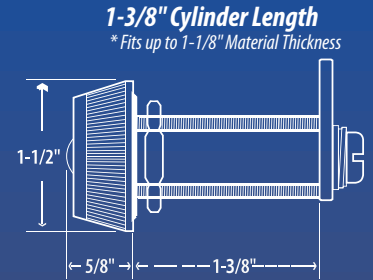

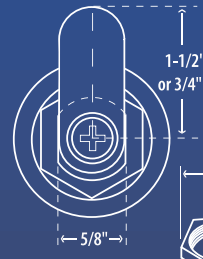

Great for RV Compartments

A popular application for the Combi-Cam has been RV compartments, replacing the 751 keyway (which fits most other RV compartments!). In addition, the Combi-Cam offers keyless convenience.
