292.1mm x 273mm with 12.7mm radius

Safety is always the first criteria in any new design. For this reason the Lite-Touch™ Q Outdoors model comes with a ground fault circuit interrupt (GFCI) power cord and a three prong 120V plug.

**Simply elegant
in design...**

**Safety is always
the first criteria
with Kenyon.**

The new touch control system from Kenyon integrates the visual effect of knob control with the ease of touch control.

Simply touch the ON/OFF circle and then raise or lower the heat setting by pressing the + or - graphic on the ceramic glass and start cooking.

Elegant in design, the graphics pattern will enhance any outdoor kitchen design.

The ceramic glass slopes down to the counter with a mirror finish polished edge, framing the cooktop as it blends seamlessly into the counter.

And as all Kenyon products, backed by uncompromising quality, exclusive 3-year product replacement warranty, and the best customer service in the industry.
