GATOR GRIP[®] traction tape

Products made to help reduce the risk of slips, trips and falls.

Our Anti-Slip Safety Grit Tapes help to provide extra traction where slippery surface conditions may occur on floors, steps and equipment. Constructed from a thick base layer with an aggressive grit mineral abrasive compound. Tape is coated with an aggressive acrylic adhesive with a removable printed liner.

Great choice for both indoor and outdoor environments with excellent wear resistance weatherability and water resistance. Each bulk roll is supplied in a colorfully illustrated box showing various uses plus application instructions, size and UPC markings. Open ended construction of box allows customer to feel Gator Grip[®] texture.

RoadSMART

The highest standard in reflectivity on the market

Exceeds requirements of the DOT-C2 standard, and is marked with DOT-C2 graphic. Modular pattern of reflective prisms allow it to be mounted in any position while maintaining reflective performance. Typical brightness of 700+ candlepower. Easy-to-apply tape sticks to a variety of surfaces including fiberglass, aluminum and painted steel (make sure surface is clean, dry and oil free before applying).

RoadSMART

The highest standard in reflectivity on the market

FEATURES:

- Manufactured to a minimum 700+ candlepower brightness.
- Long distance visibility allows motorist time to take corrective action much sooner.
- Stays clean, withstands brushing, dirt, grime and high pressure steam sprayers.
- Easy to apply, rub firmly into place.
- 1-1/2" material does not meet DOT-C2 standard.

Industry's highest visibility guidance in wet or dry weather conditions with full reflective strength from distances of up to 1,000 ft.

RoadSMART

Meets ASTM D-4956-99 Reflectivity Type III

Superbrite is an excellent choice for marking anything that requires a high level of night-time visibility, and with a long term life cycle.

The tape has an excellent entrance angularity and high intensity micro-prismatic surface. An aggressive adhesive system that will adhere to most any clean, dry surface. High Intensity product has a reflective value of over 4 times that of our standard engineer grade products.

Due to thickness, tape is intended for application on relatively flat surfaces only.

RoadSMART

Meets ASTM D-4956-99 Reflectivity Type I

Looking for increased awareness? Try our line of Engineer Grade Reflective Tapes. These tapes offer vibrant day-time visibility with reflective properties for night-time use.

All solid color tape is rated for use outdoors. Tape has an aggressive adhesive that will adhere to almost any clean, dry, smooth surface.

Hazard striped products have a protective lamination to ensure the printed stripe will not wear off. Tape comes with removable release liner.

For maximum reflective value, tape should be mounted as close to eye level as possible. Best results are obtained when applied to flat surfaces.

Butyl Caulking Tape

Butyl tapes help prevent and reduce costly water damage. Tough rubber, pressure sensitive mass, offers excellent adhesion to a variety of surfaces (no applicators required).

Consistent width and thickness from start to finish of each roll. Used to seal out dirt, dust, moisture and water. Easy to use in tape form. Low moisture vapor transmission value. A must requirement in any sealing application.

Butyl tapes are packaged with an attractive illustration label plus comes in a rugged, reusable, re-sealable package for storing.

Anti-Chafing Tape

Protects your lines from chafing or breaking at the dock or on the boat. Ideal for protecting dock lines, mooring lines, rigging, etc. Developed to withstand salt water. Soft and pliable. Will not crack.

RE3949
1" x 25 ft roll
(White with adhesive)

Stock No.	U.P.C.	Description	Size	Inner Pack	Master Pack
RE3949	0 57003 51149 1	White Anti-Chafing Tape (With Adhesive)	1" x 25 ft	1 roll	12 packs

MastBoot Tape

MastBoot installs without unstepping the mast. It protects against moisture by bonding itself into a solid piece of rubber. It conforms to irregular surfaces and leaves no sticky residue.

RE3940
4" x 40" roll
(White)

RE3941
4" x 100" roll
(White)
