

solar-powered LED FLAG LIGHT

The Perfect Light for your Flag!

New! Exclusive
Pole-Mount Bracket

Easy-to-install, adjustable bracket attaches to flagpoles quickly and without tools! Fits any standard pole up to 4 inches in diameter.

Sleek, Compact Design Adds Style To Your Yard!

The MAXSA Solar Powered Flag Light's modern design makes it a perfect accent piece. Looks great on any flag pole in any yard. It stays on for up to 6 hours at full power (45 Lumens) or for up to 12 hours at half power (22 lumens).

Leave Your Flag Up Overnight!

Your MAXSA Solar Flag Light converts the power of the sunlight into electricity. The included 6-inch crystalline solar panel collects energy during the day, and at dusk, the 0.5W super-bright LED light turns on automatically, showing the flag the respect it deserves!

Comes with:

- A High-efficiency, super-bright LED that uses a fraction of the power of a normal bulb.
- 3 Long-life rechargeable 1.2 V Ni-Mh batteries.
- Solar Charging Panel
- Mounting Hardware
- Energy saving summer/winter light switch let you double the number of hours of light.

Product Specifications:

Item #:	40334
UPC:	8 99419 40334 8
Unit Dimensions:	8.7"x11.2"x6.1"
Unit Weight:	2 lbs/0.907 kg

Master Carton Quantity:	6
Master Carton Dimensions:	26"x11.5"x12.5"
Master Carton Weight:	13 lbs/5.896 kg
