

# *motion-activated* SOLAR SECURITY VIDEO CAMERA & FLOODLIGHT

Model # 44643-CAM-WH  
Model # 44643-CAM-BK

## WHY IS THIS LIGHT USEFUL TO ME?

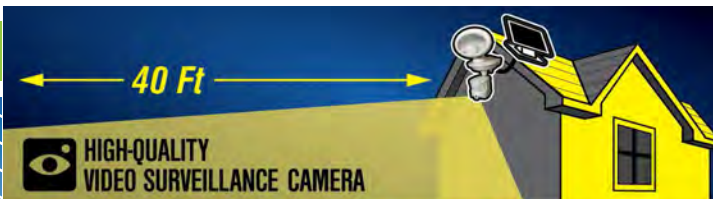

- Records up to 2.5 hours of video with included micro-SD card.
- Time-stamped filenames make it easy to determine when the video was recorded.
- Records day or night. At night, the light activates as well, producing 440 lumens.
- Easy to install and free to operate.
- Access videos by simply plugging the camera into your computer.
- IP-44 weatherproof rating means this light will work in any climate.

## SECURITY FOR YOUR HOME, PROPERTY, OR BUSINESS!

No matter what you are worried about, our camera light will catch it. With the included micro-SD card This product will record up to 2.5 hours of video, day or night. At night, 8 super-bright Surface Mount LEDs produce 440 lumens! Unlike most security cameras, this is solar powered, so it can be installed in places where you cannot run electricity. It is great for driveways, parking lots, entrances, farms, parks, or trails. Stay safe, and take the mystery out of the night with this light.

## SOLAR-POWERED AND MOTION ACTIVATED

Powered by the sun, means there are no operating costs! The light and camera will stay activated for as long as there is motion, capturing it all on video! To install, simply mount the module where you want it and the solar panel where it will have access to the sun.

**Protect Your Property From Crime & Theft**

### INCLUDES

- 8 GB micro-SD Card
- Solar Panel
- 15 Ft solar panel cable
- Mounting Hardware
- User Guide
- 1 Year Warranty

## Video Records All Activity – Day or Night

Know when someone goes by, or when they were there. Great for security or just tracking when the teenagers come home. Know when service professionals are coming and going, or even catch that raccoon going through your trash! The product comes with a 8 GB micro-SD card pre-installed. To view the videos, simply remove the camera module from the base of the motion sensor and plug it into a USB drive on your computer. You can also remove the micro-SD card to access the videos.
