

» **Can this item be paired through bluetooth with a Blackberry Q10?**

Jan 20, 2014

This unit should pair with most all Bluetooth compatible devices with search and pair capabilities. Your BlackBerry device automatically detects any discoverable devices within range.

» **Can this unit be used as a TV soundbar and how would be connected**

Yes, it can (RCA CONNECTION and BLUETOOTH CONNECTION WITH SMART TV'S), and by the way, this is one awesome unit. Lots of power, crisp midrange and treble plus great bass. Bluetooth feature makes this unit very versatile and many more extras.
