### MODEL CL-100

Thank you for purchasing The Bumper Mounted Clothes Line by Stromberg Carlson Products, Inc. When assembled and used properly, this product will provide many years of trouble free service. This kit contains components and hardware for one complete bumper mount clothes line. Complete the following easy steps and you will be ready to use your new clothes line.

**Please read all directions and verify all carton contents were received prior to installation.**

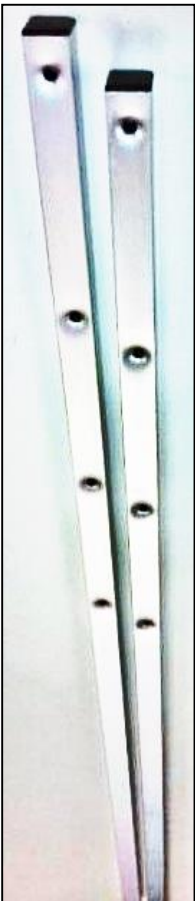

#### Carton Contents:

(2) 4' Alum. Poles

(1) 35' Clothes Line

(2)  $\frac{3}{4}$ " Sq. Bracket  
Model 8601-CL

(1) U-Bolt Kit  
Model 2200

#### Installation Instructions:

- 1) Mount square brackets on top of trailer bumper with the angles facing up and away from your unit (Fig 1). Width of clothes line is determined by spacing of the square brackets.
- 2) Sleeve the two aluminum posts over each bracket with the rope holes located on the top side of the tube.
- 3) Tie a knot at one end of the rope and thread rope through the holes. Tie 2<sup>nd</sup> knot at the other end of the rope to secure clothes line. Trim excess rope. (Fig 2)
- 4) Store clothes line while traveling. Pull posts from square brackets and roll rope around the tubes to store. The  $\frac{3}{4}$ " square brackets can stay on the bumper while traveling.
