

17728 SmartDrain Premium Sewer System – Eliminates problems of other sewer hoses and fittings – leaks, connection difficulties, messy storage and poor dump-station fit. Includes everything necessary to make emptying holding tanks Smarter: 15' SmartHose™ with pre-attached SureLock™ fittings, RV Valve Adapter, 90° Nozzle Fitting w/Handle, Universal Sewer Fitting w/handle and End Cap. Weight 4.5 lbs.

17729 SmartDrain RV Valve Adaptor – Quick connects the SmartDrain hose to the RV. Four-slot dial seals and stays tight. Reliable slots won't break like traditional bayonet ears.

17730 SmartHose™ 15' Premium Hose – Patent-pending ThermoLast™ technology makes SmartHose the longest-lasting, most leak- and weather-resistant sewer hose available. Pre-attached SureLock™ fitting. Use to extend the SmartDrain or as a hose replacement.

17731 SmartDrain 90° Nozzle Fitting w/Handle – Secures into SmartDrain's Universal Fitting without requiring weights to hold in place. SureLock™ secures fitting to end of hose. Handle keeps user clean.

17732 SmartDrain Universal Sewer Fitting – Stepped to fit and secure into virtually every dump port. Handle keeps user clean.

17733 SmartDrain End Cap – Multi-use, it caps or plugs any SmartDrain opening for convenience and cleanliness.
