

## Safety Chain Hooks

keeps the chains off the ground and prevents them from rusting and getting dirty

## Controls & Light Window

the clear window ensures full access to the controls and light without removing the cover

## Waterproof Fabric

keeps the  
elements away.  
protects the jack  
from the summers in  
Arizona to the  
winters in Alaska

## Electric Plug Pouch

protects power plug  
from the elements  
when disconnected  
from vehicle

## Leveling Bubble Window

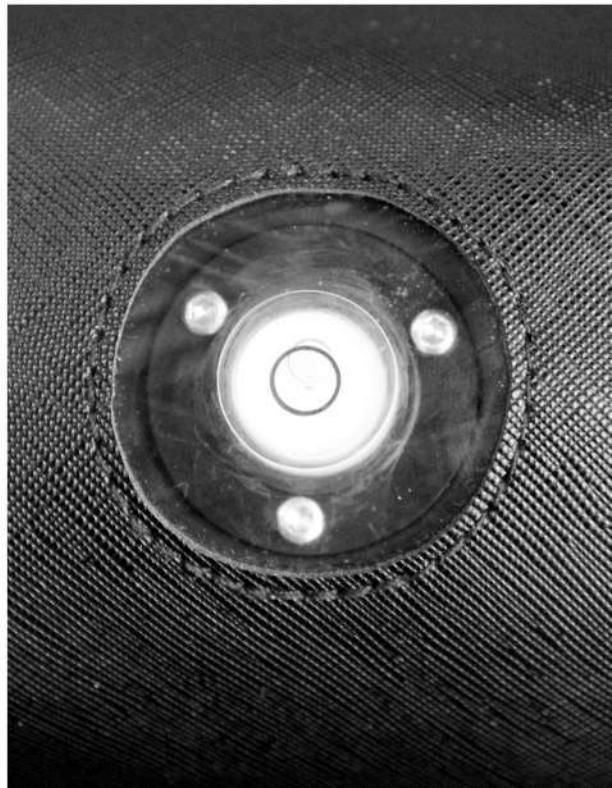

allows visibility for leveling while cover is on

(Atwood, Stromberg & Barker jacks only)

## Lockable Cover

secures cover to the jack and discourages theft

(lock not included)

## Air Vents

allows the cover to  
breathe and help  
circulate air in  
and out

## Reflective Strips

provides  
greater visibility  
at all times
