

Holds 30 Gallon Bags

Spring Steel Coil System

Extra Handle at Bottom

Outdoor & Indoor

LID STORAGE

Sophisticated design offers built-in storage at the lid for quick access to extra trash bags or small tools.

TRASH / RECYCLE DIVIDER (removable)

We make the only collapsible bin on the market that one side is for trash and the other is for easy disposal of recyclables in one convenient, space efficient space. The divider is removable and bin use with only one bag.

TRASH BAG CLIPS

Helps keep trash bags open at all times for a hands-free and cleaner interaction when disposing trash.

LABEL SLOT

Helps categorizing and easily identifying belongings more efficiently. Mark content for the ultimate set-up.

WATERPROOF ZIPPER

Unlike other collapsible bins, our bin includes a waterproof zipper.

STAKE LOOPS

Insures greater stability at all times, by securing it to the ground using the included stake.

AIR VENTS

Our unique design allows for airflow throughout the bin, preventing from odor build-up.
